Demo notes

Cloud-hosted solutions

Confluence

- Similar to Notion.
- Allows for multi user edit on the same files.
- Many templates to work with so that creating new documents can be standardised.

Confluence self-hosted

- Requires a license key.
- Presumably same as Cloud-hosted solution

Next-Cloud

What products they offer? 1. Next-Cloud Files 2. Nextcloud Talk 3. Next-Cloud Groupware 4. Nextcloud Office

Next-Cloud self-hosted

- Offers an all-in-one docker image Link
- Only accessible with a AIO key which is acquired through enterprise software.
- In this docker container all products are offered together.

Pricing is free for self-hosted
